

INSTITUTIONAL PERFORMANCE STANDARDS (IPS)
REVIEW
2020 RESULTS

INTRODUCTION

This document contains the results for the 2020 assessment of institutional performance. Virginia Code, [§ 23.1-206](#), requires a biennial assessment. The assessment has two areas of measurement. Six general education-related measures comprise one area. The financial and administrative standards comprise the second area. The Appropriation Act of 2020-22 (Chapter 1289) outlines the assessment process and lists the six education-related measures and the financial and administrative standards in [§ 4-9.01](#). The Council assesses institutional performance to determine certification for eligibility for certain financial benefits as described in [§ 23.1-1002](#).

The Council approved the following resolution at its meeting on October 27, 2020:

BE IT RESOLVED that consistent with § 23.1-206, Code of Virginia, the State Council of Higher Education for Virginia certifies for 2020-21 and 2021-22 that all institutions, except Virginia State University, have satisfactorily met the performance standards of the Virginia Higher Education Opportunity Act and Appropriation Act. The Council certifies Virginia State University for the probationary period of 2020-21. The Secretary of Finance and the Council will review the financial and administrative standards for this institution in the summer of 2021 to determine certification for 2021-22.
