Virginia Talent + Opportunity Partnership: Connecting Students to Work-Based Learning Statewide

V-TOP Statutory Purpose

- ✔ **Grants to institutions to expand paid and credit-bearing** student internships and other work-based learning opportunities in collaboration with Virginia employers.
- ✔ **Statewide initiative to facilitate the readiness** of students, employers and institutions of higher education to participate in internship and work-based learning.

MAKING VIRGINIA THE **TOP** STATE FOR
BUSINESS, EDUCATION AND TALENT

Virginia Talent + Opportunity Partnership

TOP State for Talent

- ✓ Distinguish the Commonwealth of Virginia as the leading state for higher education and talent pathways
- ✓ Most internship-ready students, employers and institutions of higher education
- ✓ 100,000 new internship slots by 2033
- ✓ Every student enrolled at a Virginia institution of higher education has the opportunity to graduate with a paid, employment-based, authentic, applied learning experience (goal drafted by Council of Presidents work group)

Work-Based Learning: Benefits to Employers

At both the **one-year** and **five-year marks**, hires who have interned with the employer (**internal interns**) are **more likely to be retained** than hires who interned with other organizations (external interns) and hires with no internship experience.

At one year:

- **16% more likely to be retained than external interns**
- **32% more likely to be retained than new hires who lack internship experience**

Source: NACE, Internship & Co-op Survey Report, 2021

Work-Based Learning: Benefits to Students

- **\$3,096:** Increase in annual wages one year after graduation for students who took a **paid internship**, even when accounting for differences in pay based on field of study, gender, and race/ethnicity

Other work-based learning experiences – unpaid internships, practicums, and cooperative learning – are not associated with an earnings benefit one year after graduation

- Among current students, **paid internships** are linked with **greater confidence they will be successful** in the job market and confidence in the value of their education

Work-Based Learning: Benefits to Students (cont'd)

- Work-based learning defined more generally is tied to **noneconomic post-graduation success**

Bachelor's degree holders who had a work-based learning experience report greater career satisfaction and are more likely to say their education helped them to achieve their goals and was worth the cost

- **Access to paid internships is uneven**

Black and Latino students, women, low-income, and first-generation students are less likely to experience a paid internship. Even when controlling for variation across majors, these disparities remain

Virginia TOP Website Launched in October 2020

The screenshot shows the homepage of the Virginia Talent + Opportunity Partnership website. At the top left is the logo, which consists of three green and blue upward-pointing arrows of increasing height, followed by the text "VIRGINIA TALENT + OPPORTUNITY PARTNERSHIP". To the right of the logo is a navigation menu with three highlighted buttons: "Employers", "Students & Parents", and "Higher Ed". Below these are links for "About", "News", "Regions", "Course Catalog", "FAQ", and "Contact", along with social media icons for Facebook and Twitter. The main content area features the headline "CREATING PATHWAYS TO PROFESSIONS" in large, bold, teal letters. Below the headline is a paragraph: "The Virginia Talent + Opportunity Partnership (Virginia TOP) connects Virginia businesses that have work-based learning opportunities to Virginia students looking for them, with Virginia's higher ed institutions serving as the main catalyst." To the right of the text is a diamond-shaped image showing a man in a suit sitting on a blue sofa, smiling and holding a yellow folder, with another person partially visible next to him. At the bottom of the page are three white buttons with teal borders: "I'M AN EMPLOYER.", "I'M A STUDENT OR PARENT.", and "I WORK IN HIGHER ED."
